

## **Deputy National President, Nate Martin**

Nathan Keolaokalani Martin is a proud member of the Rising Phoenix Jaycees (RPJ) and JCI Hawaii. I was first introduced to JCI in 2006, when I started playing volleyball in the chapter's league. That year, I was approached to volunteer for the chapter's Meals on Wheels project. Being inspired by the project, I continued to volunteer for many years until I was encouraged to take on a leadership role of Membership Vice President and Treasurer in 2012. Finding great love, admiration and dedication to the JCI organization, I have since been inspired to pursue multiple leadership roles throughout my JCI career at the local, national and international levels.

In 2013, I served as the Chapter President for RPJ. In 2014, I served JCI Hawaii State Executive Vice President, 2016 as State Secretary and in 2017 as State President. In 2019, I served JCI USA as National Vice President, in 2020 as Chaplain and in 2021 as National Vice President. In 2021, I also served as American Development Council Commissioner for JCI. I have been honored with JCI Senator No. 77647.

I hold a master's degree in healthcare administration and work as a compliance coordinate for the largest healthcare system in Hawaii.
